

Top view of a square semiconductor device. The device features a central square region (10) surrounded by a frame (18). The frame is composed of a series of rectangular openings (14) along the top, bottom, and side edges. A central square region (10) is defined by a thick border. The device is labeled with various reference numerals: 10, 14, 18, 22, 26, and 30. Arrows indicate the direction of light or signal flow through the openings.
